We welcome Author/Illustrator Jeffrey Brown to School!

After growing up in Michigan, a 25-year-old Jeffrey Brown moved to Chicago in 2000 to pursue an MFA at the School of the Art Institute. By the time he completed his studies, he had abandoned painting and started drawing comics seriously. His original artwork has been exhibited in New York, Paris, and Chicago. Brown has been featured on NPR's This American Life and even created a short animated music video for the band Death Cab For Cutie. He is the author/illustrator of the bestselling **Star Wars: Jedi Academy** series and the **Darth Vader** series. He lives in Chicago with his wife and sons.

Visit him online here: <http://jeffreybrowncomics.com/>

He will be at school on **Tuesday, 23 October** to speak to us about his life as an award-winning author and cartoonist, to demonstrate comic drawing, and to answer student questions. Books will be available for purchase at the event, so that your child can get a signed keepsake, personalized by the author.

Prices below include tax. Please make checks payable to **Secret Garden**.
